New Business:

Beach the Comprehensive Plan Amendments need to be filed by December 31, 2006 with the City Clerk. Is there a motion.

Lind so moved that the document in front of you the Comprehensive Plan changes required in 2007 come before the Planning Commission tonight.

Schaub second.

Lind let the record show that the Mayor is available to vote.

Beach it has been moved and seconded. I will under Airport Goals and Policies in addition to the Growth Management Hearings I will probably submit an amendment dealing with the word essential in the Airport as being an essential public facility to eliminate that word because it is not require by law.

Schaub under capital facilities I don't see anything in relation to the new school developments. Do you classify them as capital facilities in the community.

Lind it is part of our Comprehensive Plan situation. I believe we have that under the other that I hope would cover that. Unless you want to put a separate item. School.

Beach I would think that schools are not capital facilities for the town.

Lind not for the town, it is part of the Comprehensive plan. Maybe it needs to be put elsewhere.

Beach lets add schools as number six.

Beach any other discussions? All in favor say "I". All were in favor. None opposed.
